

**Istituto  
Professionale  
di Stato  
L. DI POPPA  
per i servizi**

We are students of the 4th year business course and 3rd year reception course.

Our school is a vocational school for business management

- tourist and hotel services
- restaurant and cooking services
- environment and agriculture
- industry and agriculture

- Our school is situated in Teramo in the Abruzzo region in the centre of Italy, about 200 km from Rome. Abruzzo is an area of natural beauty providing industries, but mainly based on wine and oil cultivation. Teramo is a particular small and historical city providing some entertainments for adults and children.

# Teramo

- Teramo is an ancient city, founded by the Romans.
- It is situated between the mountain, at the foot of the Gran Sasso mountain, and the Adriatic sea. It is surrounded by the National Park of Gran Sasso and Monti della Laga. Into the big mountain there is the famous international nuclear and phisic research lab linked to the Cern laboratories in Ginevra.
- It is rich of food and manufacture industries, touristic resorts and facilities.
- It has lively cultural aspects, lots of initiatives go on during the different seasons: concerts (classical music, jazz, pop and rock, folk), theatre performances, Interamnia handball international tournament (more than 30 years old)

- Our school is quite big with about 1000 students ranging from 14 to 18 years old, most of the students attend the hotel and restoration course because it offers more possibilities for work. At the end of the third form you can get a certificate of qualification that allows you to start working

There are two labs of kitchen  
and 1 of bar tender service.

# The students of the reception course

For the business management course there are 2 computer labs.

Besides, in the school there is a conference room where we can do a lot of events like meeting, buffet, dinner and assembly.

The school has participated in different events including the most important one **TERAMO IN TAVOLA** and other extra curricular activities like: Trinity and Delf course for certification in foreign languages, drama lab, free-style bar tender, sport tournament, maths competition.

# Teramo in Tavola...

- It is an important competition among students from different schools competing in cooking, restaurant services, reception and tourism.

# THE PROJECT IS CARRIED OUT BY CLASSES 3I AND 4B
